Mailing Address:

Buckingham Cattlemen's Association

P.O. Box 95, Buckingham, VA 23921

How the heifers were handled:

These heifers are the best siblings of the steers that sold in the Buckingham Cattlemen's Association Feeder Calf sale this past fall. In October, Pelvic measurements and Reproductive Tract Scores tests were taken by Dr. Andy Meadows. All the heifers tested negative for BVD-PI.

These females meet the Virginia Premium Assured Plus Standards.

Breeding:

Heifers were Synchronized and bred AI in early December. All AI pregnancies are listed on the Sire Reference Page. All heifers were ultra-sounded pregnant and fetal sexed by Dr. Andy Meadows in Feb/March.

All heifers sell guaranteed bred on sale day

Heifers are fully vaccinated and dewormed for optimal health and reproductive efficiency. Any heifer that shows heat within 30 days after the sale and is found open by an accredited Veterinarian with written documentation, the consignor will refund 100% of the heifer's purchase price and take possession of the heifer, or the consignor will replace the heifer with another bred heifer per buyer's choice.

If any heifer shows heat within 45 days after the sale and is found open by an accredited Veterinarian with written documentation, the consignor will refund 25% of the heifer's purchase price provided that written notice is sent to the sale committee no later than 60 days after the sale.

***No Consignor is obligated to guarantee any issue after 60 days post sale**

Berk-Mar Farm, LLC

A founding Buckingham Cattlemen's Association commercial producer member, Berk-Mar Farm has been providing some of the best genetics for growth on grass in Central Virginia. Utilizing the BCA's AI program since its beginning, as well as genetics from Gelbvieh breeder, C H Morris and Sons, LLC, Berk-Mar Farm has ultimately perfected growing cattle in the piedmont region of Virginia. Anyone looking for some of the best commercial genetics for our region should take advantage of Berk-Mar Farm's offerings.

C H Morris and Sons, LLC

C H Morris and Sons, LLC raises 20 to 25 registered bulls each year as well as having bulls available through AI such as Impact's Fortune a purebred Gelbvieh and most recently Geronimo, an outstanding Trust son Balancer bull. C H Morris and Sons, LLC is consistently ranked in the top 20 breeders nationally for dams of merit and dams of distinction for the Gelbvieh breed. Cows in his herd have been known to produce as many as 20 calves in their lifetime. C H Morris and Sons, LLC has consistently topped the BCA production sale with their bred heifer offerings and are much sought after throughout the United States. C H Morris and Sons, LLC has consistently produced deep bodied, high growth cattle that can be depended on for their longevity and maternal traits.

C Stock Farm, LLC

C Stock Farm, LLC is a family owned and operated registered Angus Farm. They are 4th generation Angus breeders and have been breeding and selling registered Angus in Scottsville, VA since 1976. They raise about 40 bulls each year, focusing on better gains through genetics the bulls are raised on a growing ration so they are not pushed and are ready to be turned out when purchased. They are a closed herd utilizing AI as a way to promote genetic diversity. They focus on AI Sires ranked in the top 15% for EPDs with calving ease, growth, fertility and docility as their focus.

Evergreen Farms

A founding Buckingham Cattlemen's Association commercial producer member, Brett Stratton from Evergreen Farms has been progressive in the standards for quality commercial cattle as feeders and as replacements, topping the sales in both, feeder and production, on a regular basis. Their commercial herd brings good maternal traits and growth to a very eye appealing package. They have since brought their genetics and good eye to the show world and consistently bring home championship titles for their show stock.

Mt Rush Farm

Mt. Rush Farm has been a staple in Buckingham County as well as the bull market for generations. They have provided solid genetics consistently to a wide variety of buyers. Their cattle have genetic power and provide solid cow families and bulls that flourish in all environments.

Sorrel Moon Ranch

A new consignor to the sale this year, Sorrel Moon Ranch owner, Sue Harris, has been a member of the Buckingham Cattlemen's Association since 2018. She has participated in the AI program for many years and the quality of her herd shows it. Her heifers represent the quality that can be obtained by dedication and utilizing the many programs that the BCA provides.

Twilight Farms, LLC

Twilight Farms has consigned heifers to the BCA production sale in the past and were very well received. They have been a member of the BCA since 2012 and have utilized the BCA AI program. Their heifers are handled daily and trained to rotational grazing. This intense program has enabled them to develop these heifers on a strict hay/forage diet. They consistently sell quality heavy weight feeders on this system as well.

Wilmoth Farms

Wilmoth Farms calves have been consistently sought after in the feeder calf sale for their gains in the feedlot. Utilizing the BCA's AI program, they have enhanced their commercial program to produce some of the best genetics for growing cattle in the Piedmont region of Virginia. They provide a touch larger frame, full bodied genetic package that will be a dollar enhancing addition to any program.
